 Address: _____ Email: _____
 Town and postal code: _____ Country: _____

We certify for the following product and all its ingredients:

Product number:	Status/version of product specification:
Exact product name	
With the following ingredients:	Last organism(s) capable of reproduction*

* Please indicate the last organism capable of reproduction for all product ingredients that were used in the production process.

- (a) The product and the foods and food ingredients used to produce it contain no genetically modified organisms (GMOs); they do not consist of GMOs and are not produced from GMOs. Carryovers of GMOs are only tolerated if the GMO is approved in the EU and the detection limit of 0.1% per ingredient is not exceeded. No processing aids or other substances within the meaning of Sec. 3 Para. 5 of the EC Genetic Engineering Implementation Act [EGGenTDurchfG] are used which are labelled as consisting of GMOs, containing GMOs, or made from GMOs in accordance with Regulation (EC) 1829/2003 or 1830/2003, or which, if placed into circulation, would have to be so labelled. No GMOs were cultivated or released within 10 km of the beehives for apiary products. In the alternative, test results for the batch obtained according to VLOG requirements are available that show no genetic modification.
- (b) For ingredients of animal origin, we are in the possession of certificates in accordance with the VLOG Standard, the EU Organic Regulation, or another recognised standard.
- (c) No foods, food ingredients, processing aids or other substances within the meaning of Sect. 3 (5) of the EC Genetic Engineering Implementation Act (EGGenTDurchfG) that are produced by a GMO have been used to prepare, handle, treat or mix the food or food ingredients (depth of review: back to the last organism capable of reproduction in the production process).

We have suitable proof that requirements (a) to (c) were met for all components contained or used in the aforementioned product. Current declarations are on file. We have no evidence that raises doubts regarding compliance with the statutory requirements for the "Ohne Gentechnik" label. We agree to promptly send our customers/buyers and their certification body or licensing body a change notice or correction notice if this declaration is revoked or modified or if facts become known that raise doubts regarding statutory compliance with the labelling requirements.

We empower the certification or licensing body responsible for supervising the client to verify the correctness of this certification and to take samples for analytical evidence.

We assume liability for the correctness of the statements in this declaration.
